Shook Hands Over Boundary Line, With Appropriate Ceremonies

MICHIGAN-OHIO 'WAR' RECALLED

When Executives Meet Upon a Formal Occasion

HISTORY OF THE CASE

Which Dated Back Eighty Years—Frank B. Willis and Woodbridge Ferris Greet Each Other and Extend Felicitations Upon An Auspicious Occasion.

[ASSOCIATED PRESS TELEGRAM]
Toledo, O., Nov. 24.—Threatened "war" between Ohio and Michigan in 1835 over the interstate boundary near here, when the casualties involved two horses and the principal violence consisted of imprisonment of a few officials was recalled today when Gov. Frank B. Willis of Ohio, and Gov. Woodbridge N. Ferris of Michigan shook hands over the present boundary line. They were among the official party which formally dedicated a monument on the new line at Point Place, a few miles from Toledo.

Had Michigan won the dispute, Toledo might now be part of that state. Detroit might not have grown to such size, or Michigan might not have been awarded the great mineral territory of its northwest as a compromise, Gov. Willis suggested. As events actually developed he said, the dispute, variously called "Toledo war," "Maumee war," and "Erie war," produced its most exciting moments in connection with maneuvers by Ohio officials to hold court in Toledo, and by Michigan citizens to prevent this. A lost hat containing the court documents created more excitement than a battle of the world's greatest war today he recalled.

Congress in 1836 settled the dispute which was over the territory between the present Michigan-Ohio line and the so-called Fulton line, a few miles further south, by giving Michigan its northern peninsula.

Michigan held two conventions in 1836. The surveyor's stakes set that time disappeared, however, and the line became indefinite again. The legislatures of the two states in 1915 ordered a re-survey and the erection of a permanent monument on the line.

Governor Willis in his address at the dedication ceremonies referred to boundary disputes as "the most dangerous, save religious disputes, of all factors in national history."

"The permanent marking of this boundary line between the two states gives us today simply an occasion for the interchange of amicable sentiments which exist between the great commonwealths. The older state, Ohio, and the younger state, Michigan, are both glad to clasp hands and exchange greetings today at the culmination of the work so ably wrought by our engineers."

"The so-called 'war' three-quarters of a century ago, agitated every hamlet in our states. It necessitated one of the few early extra sessions of our legislature. It involved the calling out of militia of both states and plans to interfere as well as actual interference, with the administration of the courts. It involved the President and the government of the United States. It caused exceedingly great annoyance in the affairs of both states, which time alone and greater affairs have so eliminated that these exciting events of an earlier day have been almost entirely forgotten."

"What effect upon the history of the two states, a change in the present boundary line would have made we cannot conceive today. Had the debated territory been awarded to Michigan, instead of to Ohio, Detroit might not have developed, or Michigan might have developed Toledo less and Detroit more. Michigan as a compromise might not have been awarded the great mineral territory of its northwest. Probably on the whole, both states have fared best with the outcome of the 'struggle' as it was."

Participating in the dedication ceremonies for Ohio were Governor Willis, Prof. G. Frederick Wright, Oberlin, president of the Ohio Archaeological and Historical society; Prof. C. E. Sherman, Columbus, representing the Ohio Topographic survey; Orin Henry of the land department of the state auditor's office and W. F. Schepflin, president of the Ohio Engineering society.

Attempted Train Wreck

[ASSOCIATED PRESS TELEGRAM]
Gallipolis, O., Nov. 24.—An effort to wreck a fast train on the Baltimore & Ohio railroad at Lindell, Md., near here last night was frustrated when a farmer discovered several feet of rail had been removed and stopped the train.

HE ASKS PENSIONS FOR THE WIDOWS OF SPANISH WAR VETS

John A. Key.

Congressman John A. Key of Ohio, chairman of the house pensions committee, is the author of a bill providing for pensions for widows of the men who died in the Spanish-American war. It carries about \$2,500,000. The bill failed to reach the senate at the last session and will be introduced again this year.

JOINT NOTE SENT GREECE BY ALLIES

[ASSOCIATED PRESS TELEGRAM]
Paris, Nov. 24.—The ministers of the Entente Allies at Athens called upon the Greek government in a body at noon Tuesday, to discuss the question of what action Greece would take should allied troops now in Macedonia be compelled to retreat across the Greek frontier, says a Havas dispatch from the Greek capital. The message asserts an official statement announcing the action of the diplomats described the step as friendly. Official confirmation of the Athens report has not reached Paris.

COLLECTIVE NOTE GIVEN TO GREECE

[ASSOCIATED PRESS TELEGRAM]
London, Nov. 24.—A Reuters message from Athens says the entente ministers presented a collective note to premier Skouloudis, "demanding that Greece define her attitude. The cabinet was immediately called together."

After the cabinet meeting Greek ministers said the situation had been cleared by presentation of the note, which gave the government definite information in regard to what was expected by the Allies. These demands were less exacting than had been expected. These ministers added that Greece never had refused requests for assurances of the security of the allied troops in Macedonia.

VICTORY

Claimed in Contradictory Reports from Balkan Theatre of War

FATE OF MONASTIR IS IN DOUBT

Bulgarians Said to Be Waiting for Germans

TO OCCUPY THE CITADEL

As They Have Regard for Greek Susceptibilities—Entente Allies Profess Confidence That Greece is Moving Toward a Complete Agreement With Them.

[ASSOCIATED PRESS TELEGRAM]
London, Nov. 24.—Contradictory claims to victory in the Balkans leave the present situation in doubt, but it is evident the advance of the Austro-German armies and their Bulgarian allies is not so rapid as earlier reports indicated. Apparently heavy fighting is under way in the section of the country where the Teutonic invaders are attempting to form a junction with the Bulgarians. The fate of Monastir is still in the balance. Reports emanating from Athens state that the Bulgarians, having regard for Greek susceptibilities are waiting for the Germans to come up and occupy the city.

In the entente capitals renewed confidence is professed that Greece is moving toward complete agreement with the wishes of the allies. Berlin has revived the report that Russia is contemplating a great campaign in the Balkans for which a large army has been gathered at Odessa. The Germans who have given publicity to this report do not seem at all sure Rumania will refuse permission to their army to cross her territory.

Petrograd reports a slight advance along the Styra river, with sharp checks for the Germans and Austrians on both the northern and southern portions of the eastern front.

Vienna, however, says there is nothing worthy of report along this line. Nevertheless there is apprehension in Vienna and Berlin of the result of the expected Russian offensive in the extreme southeast.

MANUFACTURER KILLED

Paterson, N. J., Nov. 24.—Ignatius Hambor, president of the Garfield Worsted Mills of this city and prominent in the textile trade, throughout the country was killed early this morning, when his automobile turned turtle burying him under the wreckage.

SENSATIONS LOOKED FOR AT TRIAL OF MEN CHARGED BY U. S. WITH CONSPIRACY

Dr. Karl Buentz.

Sensational disclosures are expected at the trial in a New York federal court of Dr. Karl Buentz, managing director of the Hamburg-American line, on charges of conspiracy to deceive and defraud the United States by sending supply ships to the German cruisers in the Atlantic in the early stages of the war. Three other officers of the Hamburg-American line are on trial with Dr. Buentz.

Redouble Guards About All Government Buildings

[ASSOCIATED PRESS TELEGRAM]
Washington, Nov. 24.—The watchfulness of the guards about all the principal government buildings in the capital, has been doubled on special orders. Today's guards stationed at strategic positions command all the entrances in the building which houses the state, war and navy departments were under orders to question and if necessary search any persons of whom they had doubts. Any one carrying a package of any sort was subject to question.

ELEVATOR MAN GRAPPLING WITH BURGLAR; DIES

[ASSOCIATED PRESS TELEGRAM]
New York, Nov. 24.—Locked in each others arms, the dead bodies of Robert Green, an elevator man and watchman, and a man believed to be a burglar, were found today at the bottom of an elevator shaft in a ten-story loft building in the shopping section of the city.

HINDENBURG IN ADDRESS TO TROOPS

SAYS HE WILL NOT DEMAND FROM THEM A RECKLESS ATTACK

And That He Could Not Think of An Attack Against Russians at This Time.

[ASSOCIATED PRESS TELEGRAM]
Petrograd, Nov. 24.—(Via London)—The military authorities have published an account of an address delivered by Field Marshal von Hindenburg to troops which arrived at Libau from Germany a month ago. The field marshal is thus quoted: "I know none among you adopted a military career. I know each of you left a family. Therefore I shall not demand reckless attacks from you, but I hope you will beat off the attacks the Russians make."

According to this information the field marshal reported to German headquarters that with such troops it would be hardly possible to think of active operations.

Letters given out here, said to have been taken from Germans contain complaints of hunger. A passage from one of these letters says: "We are ready to fight for our country but are not willing to starve, and the scarcity of food is becoming more and more painful."

Letting volunteers are distinguishing themselves in the number of prisoners they are taking. They are availing themselves of their knowledge of local conditions to make daring excursions.

WIFE MURDERER GIVEN PARDON BY GOV. WILLIS

[ASSOCIATED PRESS TELEGRAM]
Columbus, O., Nov. 24.—John V. McDonald, Meigs county penitentiary prisoner, serving a life sentence for murder in the second degree, will have true cause for Thanksgiving tomorrow. He was granted the holiday pardon today by Governor Willis on condition that he abstain from the use of liquor.

While intoxicated about three years ago he shot at his wife and killed his child. His pardon was recommended by the trial judge, and prosecuting attorney and a number of county officials. He has been a trustee at the board of administration offices here.

FREEDOM

Of Speech Denounced in the British House of Lords

HEADQUARTERS STAFF ATTACKED

By Lord Derby Before London Stock Exchange

NO MAN INDISPENSABLE

To Present Employment, and Should Enlist So That Moral Effect Would Be to Revive Volunteer Spirit, the Gist of Speech to Parliament—British Continue Optimistic.

[ASSOCIATED PRESS TELEGRAM]
London, Nov. 24.—In severe denunciation of freedom of speech such as in the recent instance of the speech delivered by Lord St. David in the house of lords, in which he attacked the British headquarters staff, the Earl of Derby in charge of British recruiting, speaking before the stock exchange today, declared that the house of lords needed a censorship.

"The man who gives information to the enemies," said Lord Derby, "goes by an ugly name, and it should be given just as much to a speech delivered in the house of lords as to a man who risks his life getting information for the enemy."

After stating that "no gentleman" would have made and no gentleman would believe Lord St. David's accusation and subjecting Lord Ribblesdale's recent utterances to a like denunciation, Lord Derby spoke of recruiting recruits in the stock exchange but to ask the loyal cooperation of the scheme he had undertaken.

"At the present moment no man has a right to say he is indispensable in his present employment," continued Lord Derby. Apart from the numbers we will get is the moral effect upon our allies, and our enemies in showing them that the voluntary spirit in England is as strong as at the beginning of the war. Every man should go before a local tribunal which will determine whether he is indispensable."

Lord Derby asked for patience, saying that those working under his scheme were endeavoring to do in six weeks under the voluntary system what Germany has accomplished under conscription in forty years. Men were enlisting in large numbers but they must come in very much larger numbers during the next three weeks if the position of the voluntary system was to be made absolutely unsailable, Lord Derby asserted. "We are going to win this war whatever the cost," he added, "but it is no use in making that assertion unless everyone does his duty at this crisis."

CONTRACTS LET FOR MORE STEAMSHIPS

[ASSOCIATED PRESS TELEGRAM]
Philadelphia, Nov. 24.—Contracts for the building of four more steamships valued at \$3,000,000 have been placed with Delaware river ship building companies it was learned today. Two of the ships are for the Mexican Petroleum company. The others are for the coastwise transportation company and the Pocahontas Navigation company.

With these awards contracts are now held by yards on the Delaware river for 82 ships valued at approximately \$58,000,000 and aggregating 383,079 tons. More than 20,000 men are engaged in shipbuilding along the Delaware.

General Funston Commended by Secretary Garrison for Tacful Conduct on Border

Washington, Nov. 24.—Secretary Garrison today made public a letter to Major-General Funston, commending the general, his officers and men in the highest terms for their conduct during the recent critical situation on the Mexican border.

"I desire to express to you, and through you, to the officers and men of your command," wrote the secretary, "my high appreciation of the able manner in which you and they have performed duties of the most difficult and trying kind."

"The situations dealt with called for such a high degree of sound judgment, wise discretion and absolute self-control, that it is very remarkable that all those qualities were brought to bear in such a way as to prevent the happening of any untoward incident. You have reflected credit not only upon yourselves, but upon the army of the United States and the nation which it serves."

"I thank you on behalf of the department and to the extent that I have the right to speak for the nation, on behalf of the nation."

"I wish it were better understood by the people how finely they have been served. I feel sure that all those who have knowledge do appreciate and my only regret is that such knowledge is not more widespread."

WHITLOCK

Famous Minister to Belgium Welcomed in New York Today

SAYS HE WAS A VERY SICK MAN

When He Left Rotterdam But is Much Improved

WILL GO TO WASHINGTON

For a Brief Stay and Will Sail On December 29, to Take Up His Duties Again in Belgium—Will Make a Visit to Cleveland and Toledo After Thanksgiving Holidays.

[ASSOCIATED PRESS TELEGRAM]
New York, Nov. 24.—Brand Whitlock, American minister to Belgium, and Mrs. Whitlock were met by a delegation from Toledo, O., headed by Charles M. Milroy, mayor-elect when they landed here today from the steamer Ryndam. Mr. Whitlock said that although he was ill when he boarded the ship at Rotterdam, and the steamer encountered heavy weather throughout the voyage, he felt much improved today.

Mr. Whitlock and his wife expect to spend Thanksgiving day here and will then proceed to Washington for a brief stay. From there they will go to Toledo and Cleveland. The diplomat said that he would sail from here on December 28, to take up his duties in Belgium again. Mr. Whitlock said he was here chiefly to rest and visit his mother and declined to discuss any incidents or phases of the war.

The Ryndam passed three floating mines shortly after sailing from Rotterdam. The first day out the vessel ran into a terrific storm which swept away the two large electric signs which gave the vessel's name and sailing port. A portion of the bridge was also carried away and several life boats were smashed.

TAFT'S BROTHER REFUSES AID TO ENTENTE ALLIES

[ASSOCIATED PRESS TELEGRAM]
New York, Nov. 24.—Henry W. Taft, brother of former President William H. Taft, announced today his resignation as vice president of the National Allied Relief Committee. The committee was organized about a month ago to administer funds collected in the United States for the relief of war sufferers of the entente allies. Among its members are Charles W. Eliot, Myron T. Herrick, August Belmont and Howard Elliott.

LIBERTY BELL IN BUFFALO, GREETED BY GOV. WHITMAN

[ASSOCIATED PRESS TELEGRAM]
Buffalo, N. Y., Nov. 24.—The Liberty Bell, enroute from San Francisco to Philadelphia, arrived here at nine o'clock this morning and was viewed by an immense throng made up of patriotic and fraternal societies and the school children. Gov. Charles S. Whitman, with Mrs. Whitman met the relic here and will accompany it on its journey across the state. The bell on a flat car, stood on a siding for an hour while the crowd passed in review. The journey to the east was resumed at 10 o'clock.

GREECE WILL DISARM ALLIES, SAYS PREMIER

(ASSOCIATED PRESS TELEGRAM)

Paris, Nov. 24.—Premier Skouloudis of Greece is quoted by the Petit Parisien today as saying that in the allied forces in Macedonia recent action across the border, Greece may disarm them, although the Greek government has not committed itself on this point.

This statement was forwarded from Athens by G. Demaziere, a correspondent of the Petit Parisien. He quotes Premier Skouloudis as follows:

"Greece is neutral and will remain so in spite of pressure, no matter from what quarter it is applied. Her neutrality, as it affects the allies, and France in particular, will be of such a benevolent character that Greece will never lift a finger against the allied troops. Our friendly attitude toward the allies is shown by the fact that we have permitted them to pass freely through our territory, which in itself is an infringement on strict rules of neutrality."

"Today we are asked to give an engagement that we will permit the allied armies operating in Serbia to recross our frontier and use Greece as a base and a field of operations. This would constitute active co-operation in the war on our part."

"I was obliged to answer that such an event would raise the question of application of the convention adopted at The Hague which permits neutrals to prevent, by disarming belligerent armies, the conversion of their territory into a battlefield. I added that I broached this point in only a theoretical manner and from a legal aspect without in any way intending to commit myself as to this point."

Press dispatches from Athens say that the note presented by the allies demands freedom of movement for their forces in Macedonia without the interposition of obstacles of any kind. It is said Greece is expected to comply.

GERMANS

(Continued from Page 1.) was captured by the allies and sold, and that the Hamburg-American line afterwards paid him her full value.

Robert T. Hasler, brother of the preceding witness, testified that the Thor was loaded with 1933 tons of coal, and that Super-cargo Mr. Weiler, was placed aboard and in charge. Bruce McIntyre, the witness said, cleared the vessel.

On cross-examination it was brought out that the Hasler brothers were born in England, and are both British subjects at the present time. William R. Hasler, Jr., counsel for the defense, at this point offered a concession in the form of a typewritten statement, showing that the Hamburg-American line paid \$1,419,394 for chartering, coaling and supplying 12 steamers for the relief of German cruisers. The concession was accepted by the government.

These vessels were the Thor, Berwind, Lorenzo, Heina, Nepos, Mo-winkle, Unita, Sommerstad, Fram, Graecia, Macedonia and Navarra. The amounts conceded to have been spent by the defendants were: For coal, \$185,743; provisions, \$102,149; supplies, \$34,242; charters, \$1,118,580; against which was a

credit of \$21,050 for supplies placed on the Sommerstad and Fram, which did not sail as planned.

Adolph Hochmeister, purchasing agent of the Hamburg-American line, brought the \$300,000 worth of supplies. In large measure, Mr. Rand conceded.

Norman Hamilton, collector of the port at Newport News, Va., testified that he had issued clearance papers to the Thor and that there was no mention of other supplies than coal in her manifest. The government charges that she carried foodstuffs and other supplies.

Mr. Hamilton testified also that he cleared the steamer Werra Que, a Norwegian vessel, which the government charges, was chartered by the defendants for Volapuck, a German ship, in 1914. A man named Atkinson, Mr. Hamilton testified, took a special oath as shipper of the coal aboard the vessel and Brown Willis testified that he was the shipper of the provisions.

At this point the 1 o'clock recess was taken.

SECRETARY LANSING THINKS BOY-ED NOT GUILTY OF CHARGE.

(ASSOCIATED PRESS TELEGRAM)

Washington, Nov. 24. Secretary Lansing made it clear today that so far as he was able to judge Captain Boy-Ed, the German naval attaché, was not guilty of any violation of law in supplying foodstuffs, sheltered out from American port of Hamburg-American vessels to provision German warships at sea.

It was pointed out officially, however, that the state department to ask for the recall of any diplomatic officer does not require legal proof of any violation of law but can always act on the general principle of obnoxious activity.

Secretary Lansing explained that while the state department had knowledge of the evidence on which the cases in New York were being prosecuted, the statements being made by Assistant District Attorney Wood with reference to Captain Boy-Ed were not made with the approval or disapproval of the state department. It was made clear that the assistant district attorney was free to make any statements of opinion he chose, but that this did not bind the state department to any course of action.

State department officials are watching the case with close interest to see if any new disclosures are made bearing on Captain Boy-Ed's activities, but no one would venture an opinion as to what action the department might take with reference to that or other cases in which his name has been mentioned.

The secretary pointed out that the matter could not become a subject for cognizance of the state department unless it were proved in cases now on trial in New York, that Captain Boy-Ed had knowledge of the false registration which Hamburg-American line agents charged with having made, in order to get clearance for their vessels. State department officials do not understand that Captain Boy-Ed is so charged but that the references to him in the case are only incidental. Secretary Lansing holds that the arrangement to supply belligerent vessels at sea was not a violation of law unless it was proved that the same warship at sea was being repeatedly supplied from American ports. No proof to that effect is in possession of the state department. It was admitted to-day, however, as possible that the trial may develop information to reopen the subject so far as the state department is concerned.

STRIKEBREAKERS CAUSED A RIOT AT CLEVELAND

(ASSOCIATED PRESS TELEGRAM)

Cleveland, O., Nov. 24.—Shots were fired, clubs and gas pipe wielded, two men were hurt and eleven were arrested in rioting here this morning between strikers and strike-breakers at the Theodore Kuntz war order automobile body plant. One hundred strikers tried to overturn a motor truck on which thirty strike-breakers were being hauled to the plant. The attack on the truck precipitated a free-for-all fight and police reserves were called to quell the disturbance.

BATTLESHIP TO MEXICO IS AN ORDER OF NAVY

(ASSOCIATED PRESS TELEGRAM)

Washington, Nov. 24.—Admiral Winslow, commandant of the Pacific fleet was ordered from San Francisco to Topolobampo, Mexico today, with his flagship, the Cruiser San Diego, which will carry also 275 additional marines ready to land to protect Americans and other foreigners.

The cruisers Raleigh and New Orleans are nearby and can reach Topolobampo in case of need in less than a day's sail. The San Diego's trip from San Francisco will require about six days.

LINEMAN UNDERGOES OPERATION FOR BURNS.

Ira Wolfe, the lineman for the Bell Telephone company, who was so badly burned when he came in contact with a high tension wire while stringing a "messenger," was anesthetized and an operation was performed on his neck and hand this morning at the Newark Sanitarium.

A wound about two inches wide was burned to the vertebrae on the neck and this morning a slight operation was performed and his thumb and fingers were removed from the hand. His condition is very satisfactory.

TO HAVE WAVY HAIR LIKE STARR'S OWN

There's a brand new recipe of unquestioned merit, that I advise you to make note of, unless you are one of the few possessors of naturally wavy hair. It's very simple for all you need do is to apply a little liquid silicone at night—with a clean tooth brush and in the morning you will find this has dried in the sweetest curls and waves imaginable. They will be just like Nature's own, having no resemblance to the effect produced by a hot iron, which is so obviously artificial.

The application is really beneficial to the hair and gives it that lively lustre so much desired. As it is so easy to obtain a few ounces of the liquid silicone from your druggist—sufficient to keep the hair curls for many weeks—there's no reason now for putting up with that straight, contrary hair or with the curling iron nuisance—Marie Demarest in Pilgrim Magazine.

THANKFUL USERS IN ENDLESS CHAIN

Good News About Nerv-Worth Continues to Pass Along.

Readers of the many home endorsements of Nerv-Worth have noted the expressions of surprise contained therein, the users stating that they had no idea of being benefited so soon. Moved by gratitude for speedy relief and subsequent lasting benefits the user tells all his suffering friends and they take the tonic and tell their friends and so the endless chain continues to swell the demand.

To the student of nervous ills the hundreds of written statements given in favor of Nerv-Worth have been wonderfully interesting reading. Most of them prove that Nerv-Worth's success upsets certain very learned theories of disease by proving that the user's trouble was due to a bad heart, diseased kidneys and the like, but simply and solely to neurasthenia, or debilitated nerves.

Now Nerv-Worth is a nerve restorer, a nerve invigorator without an equal in the world. It strikes at the very root of nerve troubles and strikes promptly, a single bottle of the tonic very often not merely relieving, but absolutely CURING the trouble. Sold at the T. J. Evans drug store.

MEAT CAUSE OF KIDNEY TROUBLE

Take a glass of Salts if your Back Hurts or Bladder bothers—Meat forms uric acid.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to finish and stimulate sluggish kidneys also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.

Cleanliness Rigidly Enforced

Even the finger nails of every factory employee in the home of the "Purest Spread for Bread" are closely inspected.

On every floor of the building are commodious lavatories, inspectors are on duty in all departments to see that every hand that touches

Columbus Oleomargarine

is absolutely clean. All utensils, as well as all floors and stairways in the factory are scoured every evening with scalding soda water. The homely simile "you could eat off the floor" is truly applicable. The use of tobacco in any form is positively forbidden, and any employee violating these regulations is subject to instant dismissal. Nothing could be cleaner, nothing purer than this sunlight factory, the home of Columbus Oleomargarine.

Pyorrhea—the disease nearly everybody has

No matter how sound your teeth may seem to be, no matter how you may scoff at the idea of your having this disease, it is a positive fact that the germ which causes it is working now in your teeth.

The appalling discovery of this fact—that the germ which causes pyorrhea is one which inhabits every human mouth—was made over a year ago. Since then dentists have been urging everyone to take special precautions in their daily toilet to prevent this disease from developing in its acute form of bleeding gums, tenderness in chewing and loose teeth.

To meet the need for such a daily treatment and to enable everyone to take the necessary precautions against this disease, a prominent dentist has put his own prescription before the

public in the convenient form of Senreco Tooth Paste.

Senreco contains the best corrective and preventive for pyorrhea known to dental science. Used daily it will successfully protect your teeth from this disease. Senreco also contains the best harmless agent for keeping the teeth clean and white. It has a refreshing flavor and leaves a wholesome clean, cool and pleasant taste in the mouth.

Start the Senreco treatment tonight—full details in the folder wrapped around every tube. Symptoms described. A 25c two oz. tube is sufficient for six or eight weeks of the pyorrhea treatment. Get Senreco at your druggists today, or send 4c in stamps or coin for sample tube and folder. Address The Senreco Remedies Co., 505 Union Central Bldg., Cincinnati, Ohio.

Special Car on B. O. Will Bring Martins Ferry Team and Rooters to Newark for Game

Martins Ferry rooters realize the
importance of the game here tomor-
row afternoon with the McDaniels
team and arrangements have been
made for a special car which will
leave Bellaire at 8:55 o'clock. This
car will accommodate the football
team and the rooters accompanying
it. According to advices from Mar-
tins Ferry, indications are that a
good sized crowd will come with the
team.

Arrangements have been complet-
ed here for the game. The Buckeye
band will help make things lively, a
fund having been raised to engage
the musicians.

Special arrangements will be made
to handle the crowd and there will
be no trouble from a crowd on the
playing field.

The Newark team will hold a sig-
nal practice tonight at Sixth and
Main streets and again Thursday
morning at the park.

The game will start at 2:45 o'clock
so there will be no danger of dark-
ness interfering with the latter part
of the game.

It is the one big entertainment
feature for Thanksgiving day in
Newark, a good place to entertain
those Thanksgiving day visitors in
real Thanksgiving style.

This game closes the season for
Newark which is the second season
in which the team has made a clean
record, winning every game. Mighty
few times has the team been scored
against.

As was stated yesterday, it has
been found necessary to charge 50
cents for the Thursday game on ac-
count of the big expense connected
with the booking of the game with
Martins Ferry.

THE WAY TO GOOD HEALTH

(By J. D. Montgomery.)

Some questions are coming to me,
Mr. Editor. Some folks seem to want
to know more details of some of the
things discussed in former articles.
For instance:

What is the proper quantity of
food for one meal?

How many times a day should
food be taken?

What is the best food to eat?

What are the causes of rheumatic
affections?

And some queries that do not
properly come into this discussion.
In attempting to answer these ques-
tions we do so because so many peo-
ple are really troubled over the mat-
ter and desire a slightly more de-
tailed explanation than was the origi-
nal intention of the writer.

The proper quantity of food. It
is quite impossible to give a rule that
will apply to all cases but there is a
way to control even this matter per-
fectly. I might say, enough, no
more, no less. But that would only
be begging the question, for what
would be enough for one man would
be entirely too much for another.
And, what would be enough for a
man today would be too much for
the same man under other circum-
stances. Nevertheless one must eat
enough food and no more daily.
Enough for what? Enough to re-
place the tissue destroyed by the
daily work. How may we know?
We know by the hunger call. Hun-
ger disappears when enough food of
the right kind has been consumed in
the right way. But this hunger
impulse cannot act as a guide in this
matter unless the food be simple and
the manner of eating normal.

Try this, and see if you are able
to over-eat. Plenty of cracked nuts,
the kind you prefer; plenty of ripe
fruit, the kind you prefer; and all
plenty of time to chew and eat all
you want. You will not over-eat nor
will you suffer for food before the
next meal. This way hunger is a re-
liable guide. Otherwise she is not.
How often shall we eat? Some seem
to thrive on five meals, some on
three, some on two, and I have
known people to flourish on one
meal per day. It is largely a mat-
ter of habit and custom. The occu-
pation has something to do with
the number of meals required and
the climate. But it is very safe to
say that three meals is usually one
too many for very many people.
Two meals rightly spaced would af-
ford adequate nourishment for the
average person; while three, if
heavy, would overdo the matter. Yet
custom has decreed the three meal
system and one may overcome that
difficulty by making the three meals
light ones. But there should be no
eating between meals. The diges-

tive apparatus needs rest between
meals if we expect it to remain on
duty for any great length of time.

What is the best kind of food?
First, natural food. Second, pure
food. Third, simply prepared food.
After that one must run his risk.
Natural food in a pure state simply
prepared is, of course, the very best
food. This kind of food properly
eaten will nourish the body, rebuild
its tissue, prevent disease, and clear
the moral insight in a wonderful
manner.

"He maketh grass to grow for cat-
tle and herbs for the service of man,
that He might bring forth food out
of the earth." Out of the earth
cometh most of the natural food. Af-
ter it has been consumed by an ani-
mal and animalized it is not then
natural food. It has become animal
food then and subject to the diseases
that haunt the animal kingdom. In
these latter days Animal food is
not natural, nor is it pure, nor yet
simple; it is unnatural, it is im-
pure, it is complicated.

What is the cause of Rheumatism?
Some one wants to know the causative
factors in the condition known
as rheumatism. Without entering
into a technical description of this
disease I may be permitted to say
that none but the meat-eating ani-
mals are subject to his malady.
Dogs, cats, lions, etc., have rheu-
matism, while herb-eating ani-
mals do not have it. Vegetarians
among men do not have rheumatism,
nor cancer, nor Bright's disease, nor
many other of the common affections
of a meat-eating race. Hence, it may
be that rheumatism is due to meat
eating, who knows?

LIGHT PRACTICE FOR NAVY TEAM

Annapolis, Nov. 24.—Signal drill
and light scrimmaging in which
special care will be taken to guard
against injuries to any of the men,
will be held at the naval academy
this afternoon, and like yesterday
the practice will be secret. The
line-up which will start the game
with Annapolis Saturday may be an-
nounced today.

The final workout before the army
game will take place on the Polo
grounds on Friday afternoon.

SIX DAY "BIKE" RACE.

Chicago, Nov. 24.—Two teams,
Young and Kopsky, and Corry and
Carmen, dropped out of the six-day
bicycle race today, leaving ten of the
fifteen original teams that started to
finish the grind.

The riders were nearly 70 miles
behind the world's record at the end
of the 105th hour, having covered
1,993 miles and 3 laps. Nine teams
were tied for the leadership.

JAPAN WILL SEND ARMY IF NEEDED

[ASSOCIATED PRESS TELEGRAM]
Paris, Nov. 24.—Japan is willing to send a strong army to Europe if the need arises, the Petit Parisien says. A statement to this effect is credited to Baron Ishii, Japanese foreign minister, by G. Lechartier, Tokyo correspondent of this newspaper. He quotes Baron Ishii as follows: "Thus far we have not considered the eventuality of sending an army to Europe but if there is occasion therefor Japan will send an expeditionary army. Japan does not intend to risk a check."
In regard to the supply of arms to Russia by Japan, the Japanese minister is said to have remarked: "Russia does not need men as only one-third of the men mobilized have been armed. By the end of the month, Japan will have done much toward arming completely the other two-thirds."

SERBIAN ARMY OPPOSES ONLY A THIN SCREEN

[ASSOCIATED PRESS TELEGRAM]
Paris Nov. 24.—There appears to be confirmation of the report that the Serbian army of General Bokovich is now opposing only a thin screen to the Austro-German advance says a Balkan dispatch dated Monday in the Times today. The main forces have been concentrated on the Kosovo plain. General Bokovich will hurl 90,000 men against the 120,000 Bulgarians guarding the defiles of Katchanik and Korchou.
The Serbians may even attempt the supreme effort of dashing into Uskup and then on to Veles, there to join hands with the French. But in order that the battle shall end in anything but sublime suicide the operation must be carried out energetically and success must be achieved promptly.
There is good reason to believe the Bulgarians will not occupy Monastir until the arrival of the first detachments of Austro-German troops.

Commissioners Meeting.
Commissioners Jos. H. Orr, Frank R. Dunn and Orville Kiger were kept busy today auditing and allowing bills, it being the regular meeting day of the board. There was no special business and the officials were preparing to get all business before the board adjusted so that they could enjoy their Thanksgiving turkey tomorrow, all court house offices being closed on that day. They were also anticipating with a great deal of pleasure the opening of the National Pike between Zanesville and Hebron and the celebration of the same by Newark and Zanesville residents Friday, in which the commissioners and clerk of the board, Ben B. Jones, will take an active part, the board being instrumental in the initial work on the great highway and also furnishing \$140,000 towards its construction.

ENOUGH FOOD NOT SUPPLIED BY GOVERNMENT

[ASSOCIATED PRESS TELEGRAM]
Cologne, via London, Nov. 24.—The Volks Zeitung, in a sharp article urges the reichstag, which meets next week, to call the government to account for its failure to deal adequately with the problem of supplying foodstuffs.
"To supply the German nation with provisions is at present the most important military question, and one which must be carried through before winter," the Volks Zeitung says. "This doubtless will be recognized by the supreme army command whose orders will find no opposition. We recommend the appointment of an economic dictator."

WIRELESS TO FLASH A FOOTBALL RESULT AROUND THE WORLD.

[Associated Press Telegram]
New York, Nov. 24.—The score of the Army-Navy football game here Saturday will be flashed by army and navy officers around the world to every place where the United States has a warship or a soldier. The news will be sent to the naval vessels by wireless and it is expected that the navy officers will receive it sooner than their comrades in the army.

Society

Probably one of the most enjoyable social functions to be given by the Knights of Columbus was their dancing party on Tuesday evening at Assembly Hall. The event marked the first of a number of delightful social affairs arranged for the winter season, and the enthusiasm of those in attendance on Tuesday evening bespeak their success. The dance program was furnished by the orchestra of Mrs. Fields, while a delicious supper was served. The dancers were: Messrs. and Mesdames Thomas Ferry Chas. Deardriff, Wm. Deardriff, Henry Salvini, Justin Keely, John Seidel, A. B. Willett, John Cahill, Misses Bernice Floyd, Clara Miller, Irene Cosgrove, Kathryn Holtschulte, Josephine Holtschulte, Anna Holtschulte, Marie Killahy, Lucille Weber, Mina Holt, Adler Fitzpatrick, Lucille Maybold, Bessie Kear, Pearl Haycock, Christine Young, Marie Shaughnessy, Anna McCarthy, Florence McCarthy, Gertrude Cosh, Francis Bausch, Francis Oberfield, Nellie Gorman, Mary Gilmore, Mary Keeley, Rose Fullin, Grace McMahon, Amy Kuster, Eva Moran, Bettie Devlin, Misses Helen Burke and Sue Crum of Columbus. Messrs. Clyde William, W. A. Anderson, Leo Bader, Louis Deane, Wm. Dunn, Devino Carroll, William Schopen, Earl Wright, Leo Ryan, Lawrence Manning, Parnell McKenna, Dennis Barry, John Callahan, John Colomey, John Feeney, John Eberle, Neil Floyd, Frank Ewald, Homer Dusenberry, Anthony Stare, Edward Barrett, Wm. McDonald, Oscar Juch, John Gilbert, Raymond Wade, Edward Duffy, John Kennedy, James Fullin, William Lavin, Leroy Dowd, Harry Shields, Robert Jenkins, Devlin, Geo. McNamara, Raymond Long, Wilfred Judy, Dr. J. P. H. Stedem.

Hampton-Tanner.
The wedding of Mrs. Dorothy Hampton and Mr. Oscar Tanner was solemnized at the United Brethren church in East Main street on Tuesday afternoon at 4 o'clock, by the pastor Rev. A. B. Cox. The ceremony was witnessed by Mrs. A. B. Cox and Mrs. Belle Mulham. Mr. and Mrs. Tanner, will reside in Oakwood avenue, the groom being employed as an engineer.

Miss Rose Schonberg was hostess at a pretty afternoon party on Tuesday when announcement was made of her engagement to Mr. Arthur Aaron of Columbus.

The hours were devoted to needlework and when the luncheon was served cards were found attached to the baskets containing the salad on which were written the names of Miss Schonberg and Mr. Aaron. Miss Schonberg is the daughter of Mr. M. Schonberg of Hudson avenue and is a graduate of the Newark High School. Mr. Aaron is a business man of Columbus being with the Sterling Clothing company in High street that city. The dates of the wedding is not announced.

The guests were Mrs. Jay Cooper, Mrs. Lee R. Huff of Louisville, Ky., Mrs. Trevor Davies, Mrs. A. H. Weisman, Mrs. Louis Regan of Nelsonville, Misses Rhoda Ingler, Leontine Moore, Ruth Lindert, Marian Burkholder, Ruth of Columbus, Lenora Phillips, Mary McClure, Inez Smith, Inez Stasel, Minnie Mohlenpach and Mary Maholm.

Thanksgiving day will mark the opening of the new club rooms of the Phi Sigma Chi fraternity which are established in the Lansing block in North Park Place.

The fraternity will have open house from 2 to 4 and all friends of the members are invited to inspect the rooms. They have been remodeled and present a very attractive appearance in the decorations and furnishings of softest browns and tans. The two large rooms have hard wood floors, and when thrown together, make an ideal room. Two large fireplaces give an air of coziness, and the furnishings of mission and leather add to this. A pool table has been placed in the rooms, and a Victrola has been secured for the entertainment of the members. During the reception hours refreshments will be served.

On Thanksgiving night the Phi Sigma Chi fraternity will entertain with a dancing party just for the members of the fraternity. The dance will be formal and celebrates the Feast of the White Carnation of the fraternity.

An informal dancing party will be given in the Masonic Hall on Thursday evening for the members of the Masonic lodge and their friends.

Mr. and Mrs. E. T. Johnson will entertain the following guests at dinner on Thanksgiving day: Dr. E. E. Montgomery and Dr. Mrs. T. Brook Bland and children of Philadelphia, Mrs. Bland being the daughter of Dr. Montgomery. Mr. and Mrs. T. L. Montgomery and family of Co-shocton, Mr. and Mrs. Fred Warner and Mrs. Ida M. Chase of this city. The visitors from Philadelphia will be guests of relatives in Newark for a few days.

Kincaid—Bradford.
On Tuesday afternoon at 3 o'clock, Rev. W. D. Ward solemnized the marriage of Miss Mabel A. Bradford and Mr. Alfred Kincaid at the parsonage of the Central Church of Christ. The bride is the daughter of James Bradford of South Williams street while the bridegroom is the son of Mrs. Sarah Kincaid of Pata-skala street. He is employed at the Graef bakery in West Main street.

The beautiful country home of Mr. and Mrs. C. H. Handley was the scene of much merriment Tuesday evening. A crowd of friends and neighbors silently gathered in the moonlight to welcome them to their new home. After surrounding the house the stillness was broken by the ringing of bells and beating of tin pans. Mr. and Mrs. Handley were completely surprised soon hailed and extended to all, their hospitality. The ladies took possession of the kitchen and an oyster

supper was served to the following: Messrs. and Mesdames J. K. Poundstone, J. Q. Hickman, A. M. Claggett, C. G. Handley, J. W. Neibarger, J. D. Montoya, Misses Charon, Mabel, Zella Hickman, Eva Claggett, Mr. Richard Rian, Dean Montoya, Delmar Hickman, George and Charles Handley and John Will Neibarger. Games and a musical program completed the evening's enjoyment.

Mrs. Mantle Parr, delightfully entertained the Good Will club at her pleasant country home on Thursday. The home was beautifully decorated with potted plants, chrysanthemums and fruits appropriate to the occasion. The roll call was answered by Thanksgiving readings and music. After the program a dainty luncheon was served.

Mrs. D. A. Allen was the hostess to the Liberty Sewing club, Tuesday afternoon at her home in Woods avenue. The time was pleasantly spent in needlework, after which a three-course luncheon was served to members and guests. Mrs. G. I. Burrell and Mrs. Frank Dumm. Mrs. Peppers will entertain Dec. 22, at her home 48 Fairview avenue.

The following announcements have been issued:

For the Baby

For the average normal child perhaps the most important and yet the least expensive of his requirements is a liberal supply of 20 Mule Team Powdered Boric.

If you will stop and think a minute, you will recall that nearly all eye waters are made of boric and that the physician and nurse use boric extensively as an antiseptic.

The important thing is to get our absolutely pure, high grade 20 Mule Team Powdered Boric. Use it instead of talcum.

Dust his tender little body with 20 Mule Team Powdered Boric wherever there is a tendency to chafe. Use a solution of 20 Mule Team Powdered Boric in washing all the natural cavities of the body.

AMPUTATION OF AN ARM RESULT OF ACCIDENT

David Hoffer, of 108 North Eleventh street underwent an operation at the Newark Sanitarium today for the amputation of a part of his right arm.

About three weeks ago Mr. Hoffer was injured at the American Bottle company when he caught his arm in a hot roller, mangling and burning it. He was removed to the Sanitarium and every effort was made to save the hand and arm, but his condition was such that it was necessary to remove the arm to about three inches below the elbow, the operation taking place this morning. He withstood the shock nicely and his recovery is now expected to be rapid.

THOUGHT SHE COULD NOT LIVE

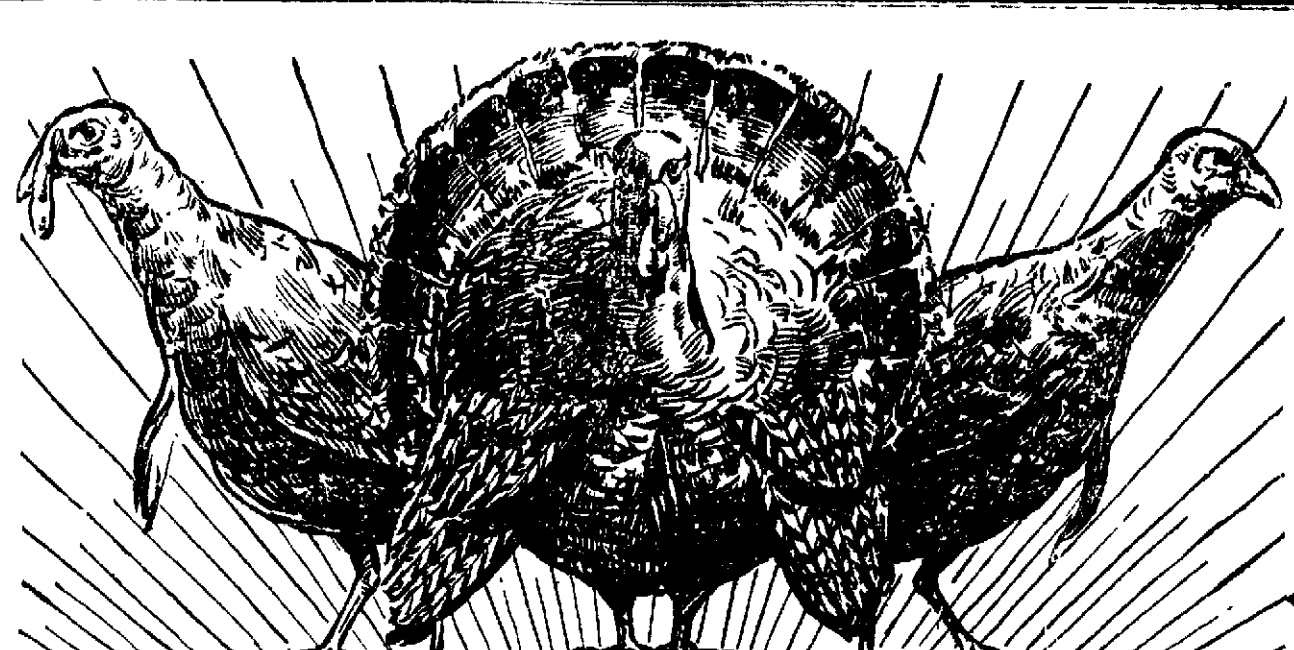

Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Unionville, Mo.—"I suffered from a female trouble and I got so weak that I could hardly walk across the floor without holding on to something. I had nervous spells and my fingers would cramp and my face would draw, and I could not sleep, nor sleep to any good, had no appetite, and everyone thought I would not live. Some one advised me to take Lydia E. Pinkham's Vegetable Compound. I had taken so much medicine and my doctor said he could do me no good so I told my husband he might get me a bottle and I would try it. By the time I had taken it I felt better. I continued its use, and now I am well and strong."

"I have always recommended your medicine ever since I was so wonderfully benefited by it and I hope this letter will be the means of saving some other poor woman from suffering."—Mrs. MARTHA SEAVEY, Box 1144, Unionville, Missouri.

The makers of Lydia E. Pinkham's Vegetable Compound have thousands of such letters as that above—they tell the truth, else they could not have been obtained for love or money. This medicine is no stranger—it has stood the test for years.

If there are any complications you do not understand write to Lydia E. Pinkham Medicine Co. (confidentially) at once. Your letter will be opened, read and answered by a woman and held in strict confidence.

Granville

(Special to the Advocate.)

Granville, O., Nov. 24.—Today at 11:30 the old college bells on the hill sent out the welcome tidings that the Thanksgiving recess had begun, and that recitations will not be resumed until Monday noon. While many of the students are able to go home for this great annual festival, there are always many who must remain in Granville. For the benefit of these, pleasing diversions are planned for tomorrow, the chief of them being the matinee performance in Recital Hall.

One of the week's charming hostesses was Mrs. Karl Eschman, who entertained with an afternoon tea at her home in Park Drive in compliment to Friday's bride, Miss Dorothy Wartz. Prof. and Mrs. Eschman

wart possession of the Carl Paige wood cottage last fall and yesterday's company of fifteen young women found much to interest and delight them in the new home. After completing a fine assortment of gifts holders for the bride, the guests partook of dainty refreshments served by the hostess.

Mrs. E. J. Dorsey opened her home on Broadway yesterday for the entertainment of the Winter Picnic club. A bounteous repast was served, and a good time enjoyed by the members present. Mrs. Dorsey, who has probably the finest collection of Victrola records in town, favored the company with a few choice selections.

Mrs. August Odebrecht, one of the younger matrons of the faculty set, delightfully entertained about fifteen ladies yesterday afternoon at her home in Burr street, in honor of Mrs. Charles Herrick of Chicago, and Mrs. Newton Brumback of Colorado Springs, who are visiting their sister, Mrs. Susan Tallhot on Burr street hill. The afternoon was agreeably spent in conversation, needlework and in working out an original game invented by the hostess, which proved amusing and interesting. Refreshments, reminiscent of Thanksgiving, were served.

The women of the Methodist church are holding a market and bazaar in the parlors, this afternoon and evening. Everybody welcome.

Mrs. Martha Hughes, widow of the late Commander E. M. Hughes, U. S. N., who has been the guest of Newark relatives, called on old friends in Granville Monday.

Mrs. J. V. Minton, who has been visiting her brother, Mr. Burton Case and family for the past week, expects to leave for her home in Westfield on Friday morning.
Mrs. F. L. Ferguson, who has been visiting in Toledo at the home of her son-in-law and daughter, Mr. and Mrs. Harold Lamson, has returned home. She was accompanied by her little grand daughter, Mary Jane Lamson, who will remain until her mother comes to her.
Miss Laura Cook, daughter of Dr. and Mrs. E. P. Cook, who is a son-

ior in Wooster college, is expected home for the holidays.

It has been remarked that Denison alumni are found in a great number of institutions over the United States, where they are teachers of high repute. Below are given a few of the men who majored in the department of zoology and have gone away, taking Denison ideas with them: Kurtley F. Mather is professor of zoology in Queens College, Kingston, Canada; Lewis F. Thomas, '10, is professor of zoology in Drury college, Springfield, Mo.; Mason K. Read, is assistant in zoology in the University of Illinois; James D. Thompson, '14, is assistant in zoology in Cornell; Harry B. Cooney, ex-'15, is assistant in physiology in the same institution; Edgar W. Owen, '15, who graduated after three years in Denison, is assistant in zoology at the University of Wisconsin; Howard Clark, ex-'12, is in government work, being Junior Typographer in the U. S. Geological Survey.

Miss Dora O. Lisle, who has been visiting Mrs. Charles Pierson in Condit, O., returned last evening to her home in Broadway. Miss Lisle and brother Herbert will spend Thanksgiving day with Miss Anna Wotring in Newark.

Mrs. Harriet Baker of West Broadway, has been spending a few days in Hebron with the family of Charles Pence.

THE SICK

"Billy" Simms of Linden avenue, who has been a patient at the City Hospital, was removed yesterday in the Bazler ambulance to his home.

Park Montgomery was removed in the Bazler ambulance this morning from Dr. W. G. Corne's office to the home of his father, 400 Tuscarawas street.

Mrs. Debevoise, residing on the Hall farm west of the city was removed in the Bradley ambulance from the City Hospital to her home Tuesday afternoon.

Charles Harendson of 330 Tenth street was taken to the City Hospital yesterday in the Bradley ambulance.

Joseph Mossman of Fifth and Pata-skala street was removed to the Bradley ambulance from the City Hospital to his home Monday.

Mrs. Peter Hahn of Granville street, who has been a patient at the City Hospital was removed to her home in the Bazler ambulance yesterday.

The condition of Robert Irwin, who is suffering with blood poisoning and who was removed to the Newark Sanitarium Tuesday, remains about the same.

"She's had a number of divorces, hasn't she?" "Yes, she's been happily unmarried four times."—Detroit Free Press.

The London Royal Astronomical Society has voted 59 to 3 to admit women as fellows on the same terms and qualifications as men.

Personal

Mr. and Mrs. Oren Hall of Columbus, will spend Thanksgiving at their home in this city.

Miss Iva Worley has gone to Mt. Vernon where she will spend Thanksgiving at her home.

Mrs. G. W. Williams who has been visiting her sister, Mrs. Mary Floyd of East Main street has returned to her home in Indianapolis.

Miss Susie Crum of Columbus was the guest of Miss Besse Rafferty on Tuesday.

William Webber of Columbus was a business visitor in Newark on Tuesday.

Miss Esther Graef who is attending school at St. Mary's academy at Shephard, O., will spend Thanksgiving with her parents, Mr. and Mrs. William Graef of Clinton street.

Miss Irma Alsopch of Eleventh street will spend Thanksgiving in Columbus where she will see "The Girl from My Home Town" at the Hartman theater.

Mrs. C. D. Martin of Evans street, has returned from Columbus where she has been the guest of her daughter, Mrs. Charles Armstrong of Arlington.

Miss Jennie Miller of Linville, is the guest of Miss Mildred Robe of Woods avenue for a few days.

Miss Adelia Baker arrived home today from Harcourt Place School at Gambier for the Thanksgiving vacation.

Miss Sarah Stasel and Miss Virginia Dadsell are home from Cincinnati where they are attending the College of Music, to spend the Thanksgiving vacation.

Tests have shown that as little as one-quarter of one per cent of sugar will prevent cement setting, while from one to two per cent will make it set quickly, but later disintegrate.

Mulberry leaves preserved by cold storage have been proved quite as nourishing and effective to silkworms as fresh leaves.

Carefully Treat Children's Colds

Neglect of children's colds often lays the foundation of serious lung trouble. On the other hand, it is harmful to continually dose delicate little stomachs with internal medicines or to keep the children always indoors.

Plenty of fresh air in the bedroom and a good application of Vicks' Vapo-Rub salve over the throat and chest at the first sign of trouble, will keep the little chaps free from colds without injuring their digestion. 25c, 50c, or \$1.00.

Chicago Baby Likely to be an Ex-
cuse for Any Forms of
Malpractice.

(ASSOCIATED PRESS TELEGRAM)
New York, Nov. 24.—A case re-
sembling that of the Hollinger baby
of Chicago developed here today
when a New York physician
confronted the question whether the
life of a defective baby should be
saved by a surgical operation, despite
the wishes of the parents.

The baby, a girl, was born last
night. Mentally the child appears to
be normal, but is paralyzed below
the waist, has club feet, distorted
knee joints, and a spinal ailment
which, physicians say will prove fatal
if an operation is not soon per-
formed.

Dr. Julius Goldsmith, the attend-
ing physician, notified the parents
that the child's life could be saved
only by a prompt operation. He said
afterwards:

"The parents absolutely refuse
permission for the necessary opera-
tion. I could probably save the
child's life, although it would always
remain helplessly crippled. There is
no action that I can take without the
permission of the parents."

The father of the defective baby
said:

"I believe the Chicago physician
was right. For the sake of humani-
ty, I had rather see this child die
now than have to live seven or eight
years in misery and suffering. I
think it would be better for all con-
cerned. The doctors tell me an op-
eration would only prolong its life,
and that it would never be well.
Even though the operation were per-
formed, they say, it would always be
paralyzed below the waist. If the
baby's imperfections were a small
thing, it would be a different matter.
I would not want to sacrifice its life
under such circumstances. But what
would be the use to let it live? It
would always be a cripple and a
charge to its parents and society. It
is a hard thing to say but it would
be better dead."

ZANESVILLE

PLANNED SURPRISE PARTY FOR
NEWARK, WHICH IS APPRE-
CIATED

Autoists of Clay City Will Make
Maiden Trip Over Pike Just
Completed.

The cat is out of the bag!
Zanesville had intended giving
Newark a little surprise party on
Friday afternoon when a big party
of autoists was going to make its
maiden trip over the newly com-
pleted pike between Newark and
Zanesville which will be opened to
traffic for the first time on Thurs-
day.

Zanesville machine owners have
long been hampered by bad roads,
and now that the old National road
is finished through to Hebron, and
Zanesville people can come to New-
ark by the way of the National Pike
to Linnville or Jacksonton, a get-
together meeting of "Live Wires" of
Zanesville was held and it was decid-
ed to surprise Newark. The opening
of the road takes place Thursday,
but owing to the fact that it is
Thanksgiving the party was sched-
uled for Friday afternoon. Already
over 150 autos have signed up, and
many more will undoubtedly do so.
The party will leave Zanesville at
one o'clock Friday afternoon and
will bring a "break" home with them,
spending the afternoon in this city.

Why "Anuric" is an
INSURANCE
Against Sudden Death.

Before an Insurance Company will
take a risk on your life the examining
physician will test the urine and report
whether you are a good risk. When
your kidneys get sluggish and clog,
you suffer from backache, sick-head-
ache, dizzy spells, or the twinges and
pains of lumbago, rheumatism and
gout. The urine is often cloudy, full
of sediment; channels often get sore
and deep is disturbed two or three
times a night. This is the time you
should consult some physician of wide
experience—such as Dr. Pierce of the
Invalids' Hotel and Surgical Institute,
Buffalo, N. Y. Send him 10 cents for
sample package of his new discovery,
"Anuric." Write him your symptoms
and send a sample of urine for test.
Experience has taught Dr. Pierce that
"Anuric" is the most powerful agent
in dissolving uric acid, as hot water
melts sugar; besides being absolutely
harmless it is endowed with other
properties, it preserves the kidneys
in a healthy condition by thoroughly
cleansing them. Being so many times
more active than lithia, it clears the
heart valves of any sandy substances
which may clog them and checks the
degeneration of the blood-vessels, as
well as regulating blood pressure.
"Anuric" is a regular insurance and
life-saver for all big hearted men and
women deposit lime-salts in their joints.
Ask the druggist for "Anuric" put up
by Dr. Pierce, in 50-cent packages.

STRENGTH AND BEAUTY
Come with Dr. Pierce's Golden Medical
Discovery. This is a blood cleanser and
alterative that starts the liver and stom-
ach into vigorous action. It thus assists
the body to manufacture rich red blood
which feeds the heart, nerves, brain and
organs of the body. The organs work
smoothly like machinery running in oil.
You feel clean, strong and strenuous in-
stead of tired, weak and faint.

ARMED GUARDS
ARE PURSUING
NIGHT RIDERS

(ASSOCIATED PRESS TELEGRAM)
Clarkton, Mo., Nov. 24.—Armed
guards kept watch on the outskirts
of this city until daybreak today
searching for so-called night riders,
from whom an attack was feared.

Eight men to whose homes blood-
hounds led a posse yesterday were
in jail at New Madrid, Mo., today,
suspected of being members of the
party of night-riders which yester-
day fought a battle with six detec-
tives in a swamp near here. The
prisoners denied they were members
of the attacking party. No trace of
five night-riders who are believed to
have been wounded in the battle, has
been found.

Marshal Norseworthy, of Clarkton,
said the prisoners will be charged
with attempted murder for their al-
leged participation in the attack on
detectives. The night riders, who
thought to be farm laborers, and
tenants, have committed numerous
crimes in the campaign for higher
wages, cheaper rentals, and lower
food prices, in military clothing.

Cures Catarrh

Simple, harmless NOSTRIOLA is
all you need to rid yourself of Colds
and Catarrhal troubles.

The nostrils and air passages are
the breeding places for the Catarrh,
Hay Fever and other disease-breeding
germs, and these germs thrive
and multiply when the parts are sore
and inflamed by Colds.

NOSTRIOLA is intended to open
nostrils, relieve distress in head,
purify, cleanse and soothe the sore
inflamed parts, and not only break
a cold, but by strengthening the lin-
ings of the air passages, enable them
to resist and throw off disease-
breeding germs.

If you want a pleasant surprise,
get a small tube of NOSTRIOLA of
your druggist today. All druggists
sell and recommend it.

PROPORTION OF
SUICIDES HIGHER
THAN LAST YEAR

(ASSOCIATED PRESS TELEGRAM)
New York, Nov. 24.—The propor-
tion of suicides to the population in
100 cities in this country last year
was higher than for any year since
1909, according to F. L. Hoffman,
statistician for a big insurance com-
pany. Mr. Hoffman's report shows
that 4,982 persons killed themselves.
This is at the rate of 20.3 for each
100,000 of population.

His figures indicated that in pro-
portion to population, suicide is
more frequent on the Pacific coast
than in the east. San Francisco
heads this list with 234 suicides and
a rate of 52.4 while San Diego,
Sacramento, Los Angeles and Oak-
land follow. In all these cities, Mr.
Hoffman reports, the rate for 1914
was in excess of that for the previous
ten years.

The New York boroughs of Man-
hattan and the Bronx, with 618 sui-
cides, have a rate of 20.2 while
Brooklyn's rate is 12.6. Figures for
the entire city are not recorded. The
low rate here is attributed in part
to the law prohibiting the carrying
of fire arms. Mr. Hoffman says that
the laws governing the sale of poi-
son seems not to be properly enforc-
ed in many communities.

Three times as many men as wo-
men commit suicide, the figures
show.

It will be featured by a discussion
of national defense and revenues
through other questions on which
the president looks to congress for
action, will be taken up. These in-
clude a merchant marine, conserva-
tion, greater self-government for the
Philippines, and rural credits.

ed.

The president will, as he did last
year, again declare that it is proper
for young men to learn to be soldiers
and expresses the belief that plans
submitted by the army general staff
call for a standing force larger than
the country wants. In referring to
the navy plans, the president will de-
clare that it is as necessary to pro-
vide men, munitions and equipment
as it is to build warships.

MRS. HARRIETT
DUTRO BELIEVES
IN TANLAC

HAS BEEN GREATLY BENEFIT-
TED BY IT IN CASE OF
STOMACH TROUBLE.

"Many Remedies Failed When
Tanlac Proved Exactly the
Right Thing."

Thursday we published a state-
ment from Mr. David Dutro in which
that he had been greatly benefitted
in a severe case of stomach trouble
by Tanlac. His wife, Mrs. Harriet C.
Dutro, residing at 381 W. Main street,
Zanesville, and a well known woman,
testifies that she, like her husband,
has been greatly helped by Tanlac.
Her complaint was similar to that of
her husband—indigestion and stomach
trouble—and she has experienced a
great change in her condition by the
use of Tanlac, the Master Medicine.
She says: "My stomach has troubled
me no little for some time and nothing
I have taken has done me any
good until I tried Tanlac. That has
helped me wonderfully even before I
had taken the first bottle. I feel
greatly encouraged over the prospect
of ultimate recovery. I'm no longer
dizzy or nauseated, can eat more and
enjoy what I eat more than I have
for some time. Mrs. Dutro's case is
very similar to that of thousands of
women and men who have been ben-
efitted by taking Tanlac, just as is
the case with her. This Premier
Preparation is being demonstrated by
Jno. B. Gaines, or assistant, at Hall's
Drug Store, Newark, where all New-
ark people who feel a need for up-
building physically are invited to
call. Adv.

WAITS 49 YEARS TO WED.
Zanesville, O., Nov. 24.—Former
Sheriff Joseph L. Brown, 71 years
old, a war veteran, of Seattle, Wash.,
travelled nearly 3,000 miles to come
here and wed the sweetheart of his
youth, Mrs. Maggie May Gillogly, of
Chandlersville, the marriage being
solemnized last night. "I haven't seen
Maggie for 49 years until yesterday
and would not have recognized her
had it not been for her laugh," said
the bridegroom.

Why Continue the Y. W. C. A.

Charles C. Metz:—My reasons for favoring and supporting the Y. W. C. A. are many, a few of which only I will mention. First, it furnishes a place for a girl to go, besides the streets. Second, many valuable things for a girl to know are taught at the Y. W. C. A., which many have no other opportunity of learning. Third, better habits are formed through the discipline, instruction and association with this institution. If any human beings need and deserve encouragement and protection it is our girls between the ages of 14 and 20. They will be future wives, and the mothers of the coming generation. Our whole social fabric and future national existence depends more on their moral and religious training, than on all the dreadnaughts, submarines and aeroplanes we can build.

Mrs. Robbins Hunter:—To me the Y. W. C. A. represents the most potent force for good in Newark today. Home for the homeless, a recreation and social center for many who wish to broaden their lives, it stands alone as a channel of purification and general helpfulness for girls.

Supt. Wilson Hawkins:—You have asked me to express my convictions as to the work which the Y. W. C. A. of this city is doing. I am glad to do so. Three years ago when the campaign was inaugurated for a Y. W. C. A., I was much in favor of it. After observing the work for three years I am more in favor. My family have been closely associated with your work. I know that the Y. W. C. A. has rendered a valuable service to scores of young women in the three years. Many girls of the factories have been given a home in an environment of Christian influences. Many girls have been able to receive instruction which tends to prepare them for home keepers. Your gymnasium classes and summer camp in the country have been a great thing for both women and girls. Your employees have all been devoted to their work. I understand that the Y. W. C. A. is planning to enlarge its activities so as to render a necessary service to High School girls as well as to the great mass of girls who drop out of school before High School is reached. I consider the three years of the Y. W. C. A. as prominently successful, and hope it may be made a permanent institution in our city.

Rev. Calvin G. Hazlett:—The place and demand for a Young Woman's Christian Association in a city like Newark is obvious. The foundation of all uplift in social life is the home that is truly Christian in spirit and influence; and such a home demands that a well-equipped Christian woman presides over its destinies. To attempt to save the boys and the young men of a community and neglect the girls and the young women would indicate a shortsightedness little less than a crime in this day of great progress in those vital interests centering in the home. There should always be a place where the friendless girl could with assurance turn and find true friends; a place where the thoughtless girl could have her mind centered on things worthy of thought; a place where the selfish or wayward girl might find a sympathetic counsel and directing; and a place where any girl or young woman could at any time go for advice, comradeship and uplift that every soul at times so earnestly craves. No one institution is so well equipped for furnishing a common meeting place for the soul that is willing to give and the soul that craves, as a Young Woman's Christian Association, that is thoroughly Christian. Such an Association conducted on lines in harmony with the universal Christian conscience demands a place in every Christian community, and should receive the heartiest support of all who desire to help in the social uplift.

Rev. Don D. Tullis:—I want to express my very high appreciation of the work that is being done by the local Y. W. C. A. and of the ability of the officers in charge and the board of directors. It is a great privilege that is given us to help support this work by our contributions. No institution is more worthy of our help. Let us rally to the colors and keep this organization on a good financial basis and thus insure continued activity in the great work for the girls of our city. Yours for a bigger and a better city.

Miss Osa McCandless:—I am a business girl and I just want to say that the Y. W. C. A. means every thing to us "working women." To me it means a place to get a good lunch at a reasonable cost and a quiet place to rest between times. Besides this it is my second home and I just love it here. I enjoy the companionship with the other girls and most of all the Bible class taught by our lovely president, Mrs. J. B. Jones.

Probate Judge Robbins Hunter:—In administering the affairs of the Juvenile Court we frequently are compelled to turn to the local Y. W. C. A. for assistance in taking care of young girls who happen to be stranded here. Very often these occasions arise and we always find the Y. W. C. A. ready to serve us and for this reason we indeed feel under obligations to the people in charge there. On numerous occasions we have advised girls to go there and they are furnished with board and lodging at the minimum cost and at the same time they have the very best environment.

Rev. Lewis P. Franklin:—Blind, indeed, must be the person, who fails to see what a rich contribution to the city's welfare, the Y. W. C. A. is making. It has far exceeded the most sanguine hopes of those who were instrumental in organizing it in this city. It has demonstrated its usefulness in myriad ways, and has returned to the city, in the character

development of the young women who have come under its influence, the investment many times over. I hope and pray for its continued success.

Police Chief J. S. Sheridan:—I have kept the Y. W. C. A. of Newark, Ohio under my observation since it was organized and I find that it fills a long wanted need in our city. It gives me great pleasure to recommend it in all its work and assure you we will be glad to render any service that may be required of our department towards the upbuilding of the work.

E. C. Wright:—I wish to bear testimony to the excellence of the work which the Y. W. C. A. has been doing in our city. While there was some doubt at first as to whether there was a need and place for such an organization here I feel that its record is a complete vindication of the faith of those who organized it and watched over its activities from the first. They had a hard and trying task to do and did it with perseverance and devotion. I feel we should all be glad to give what help we can to this and kindred good undertakings for the benefit of our fellow townsmen.

Probation Officer Mary Miller:—Why do I believe in the Y. W. C. A.? Because that here the girl without a home may find a home and friends; because from little girlhood to womanhood it offers a safe and sane outlet for the social instincts of our daughters; because in all of its activities and aspirations it fosters the more perfect development physically, mentally and morally of the future mothers of our nation.

Mrs. George Pickup:—Having been closely connected for a number of years with a charitable organization and having become familiar with industrial conditions for young women, I am deeply interested in the Y. W. C. A. It affords our young women an opportunity to live normal lives, and surrounds them with Christian friends.

Mayor R. C. Bigbee:—The Y. W. C. A. of this city is just across the street from this office, and for the last two years, it has been a great pleasure for me to notice the great good that this association has done, and it gives me great pleasure to commend it to others.

Miss Minnie Williams:—For the past three years, the Y. W. C. A. has filled a long felt need, for the women and girls of Newark. The lunch room and the rest room have been especially helpful to those who were obliged to remain down town during the noon hour.

EXPECT BIG SALE CHRISTMAS SEALS IN OHIO THIS YEAR

Columbus, O., Nov. 24.—War in Europe, and the contrary drain that has been made upon Ohio through contributions to numerous relief funds, will not, it is believed, materially affect the sale of Red Cross Christmas Seals this year.

Recent statistics showing that the death loss from tuberculosis has been reduced in Ohio from 9717 in 1910 to 6,564 in 1914, indicate that the campaign to prevent this disease is making wonderful headway. The campaign is made possible, year after year, through funds raised by the sale of Red Cross Christmas Seals.

A probate judge in southern Ohio has ordered a supply in order to affix one to each marriage license issued. A Columbus hotel will attach a seal to all stationery sent to its guests. A brewery operating in Columbus will paste a seal on each bottle of beer sold. A large retail store dealing in retail millinery will attach a seal to each monthly statement. A Columbus theatre proprietor will affix a seal to the reverse side of each reserved seat coupon.

Many state organizations and large business houses are ordering sufficient seals to provide for all mail sent out between Thanksgiving Day and New Year's.

In seeking game fish Japanese fishermen use lines made of wild coco silk, which is translucent and practically invisible in the water.

THE Y. W. C. A.; WHAT IT MEANS TO THIS CITY

This is what the Young Women's Christian Association means in Newark:

1. A social center, Gymnasium, recreation, educational classes, inspirational meetings—any or all of these to any or all of hundreds of business women, school girls, home girls, who, up to this time, have had no such advantages.

2. That Newark is as progressive in providing for the human interests of its people as for the business interests.

Some girls need better health; some need more education; some need jolly comradeship; some need a home; some need friends; some need spiritual development; some need opportunity for service.

The Y. W. C. A. provides means to these ends.

3. That Newark is a part of a successful, "going" organization.

The Young Women's Christian Association is not an experiment. There are nearly 1,000 Associations in the United States with a membership of 400,000.

4. That Newark believes in a FAIR CHANCE FOR EVERY GIRL.

Americans love fairness. It is fair to provide opportunities for fuller life to ALL girls. The Association means "all things to all girls." Its aim is to make possible "life and that more abundantly," physical, mental, social, spiritual.

5. Newark realizes that from an Economic point of view as well as an American, Christian standpoint an Association is a paying investment.

Happy people do better work than unhappy people. The Y. W. C. A. makes for well-rounded living; therefore, happiness.

6. Newark accepts her opportunities.

An opportunity passed is an opportunity lost.

With the help of all citizens the Association can continue to maintain a—

Boarding Home.
Rest Room.
Lunch Room.
Gymnasium.
Class Rooms.
Social Center.
Trained Secretaries.

NOW is the time. Tomorrow will be Thanksgiving day—a proper time to make a substantial contribution to continue the work of the Y. W. C. A. in the city. The Association needs and solicits your subscription.

HELP TO GIVE GIRLS A CHANCE

(By Frank L. Beggs.)
I am fully convinced that the Young Women's Christian Association has more than fulfilled the promises made three years ago and that the work accomplished and service rendered has been of greater value and more helpful than its most hopeful patrons had predicted.

Many who looked upon this work as an expensive and unnecessary luxury have been made to realize that it is an economic necessity. It has been proven a work of real practical worth which can not be measured by the standard of dollars, but one in which the community will reap the benefits by the increased usefulness, the better preparation for life's duties and a higher standard of womanhood.

It is worth the cost? Measure it by what it would mean to you if by misfortune your daughter was suddenly thrown upon her own resources, unprepared and unfitted for self-support, and without sympathy, counsel, or guidance compelled to seek employment. Think of the pitfalls and snares ready to entrap her and the temptations to which she would be subjected.

Take the thought home, make it personal, and then remember that the Y. W. C. A. provides a haven and is ever ready, so far as possible, to take your place and to give this sympathetic guidance and helpfulness to all those who may need it.

Then remember that every girl so

helped is just as dear to some father and mother as your daughter is to you, and you will agree that it is worth all it may cost, and is entitled to all the support your means will permit.

It is not only a duty, but a privilege to contribute to the Y. W. C. A. We are proud of the place it holds in our community, and our citizens will rally to its call for support and increased influences and usefulness. I appeal to you to help to give the girls a chance.

NARROW ESCAPE OF CONDUCTOR SHAWNEE LINE

Capt. John Woolson, the popular and well known passenger conductor on the Shawnee division of the B. & O. railway is able to be out after being confined to his home in North Fourth street suffering with injuries which he sustained when he attempted to board his train at Shawnee a few days ago while it was in motion, the train was moving too fast for Mr. Woolson.

Capt. Woolson grabbed the handle hold and was thrown off his feet and dragged a distance of forty feet before he relinquished his hold, throwing himself out as far as possible so that he would not be struck by any part of the car. His shoulder was wrenched, his left arm bruised to the extent that it was rendered useless and a deep gash cut in his right leg. It was a close call for the veteran railroader and his many friends will be pleased to learn that he will be able to resume his run the latter part of the week.

The World War a Year Ago Today—Nov. 24.

French bombarded Arncliffe, about ten miles south of the German fortress of Metz.

Portuguese congress decided that Portugal should co-operate with the allies when it considers the step necessary.

Portugal had ready for the field 30,000 troops. Partial mobilization would increase this force by thirty-five regiments of infantry, eight squadrons of cavalry and twenty-four field batteries of 100,000. A full mobilization would bring this figure up to 245,000, a conservative estimate. Portugal had in commission five protected cruisers, three destroyers, four torpedo boats and three submarines.

Chile charged German naval commanders with breach of neutrality by seizing neutral cargoes and also operating in neutral waters.

All of Italy's crops showed an increase this year, except grapes and potatoes, which remain at the average figure for the last five years.

NO STOMACH PAIN, GAS, INDIGESTION IN FIVE MINUTES

"PAPE'S DIAPETIN" IS THE
ONLY REAL STOMACH REG-
ULATOR KNOWN.

"Really does" put bad stomachs in order—"really does" overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that—just that—makes Pape's Diapetin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch gas and eructate sour, undigested food and acid; head is dizzy and aches; breath foul; tongue coated; your insides filled with bile and indigestible waste, remember the moment "Pape's Diapetin" comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large fifty-cent case of Pape's Diapetin will give you a hundred dollars' worth of satisfaction or your druggist hands you your money back.

It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, upset stomach during the day or at night. It's the quickest, surest and most harmless stomach regulator in the world.

Theatres

Auditorium Tonight.

Few plays have ever found their way so thoroughly into the hearts of the American public as has "The Little Gypsy," as pictured for William Fox, with an elaborate attention to detail and careful direction which places it in a class by itself in the silent drama. The original stage production was hailed by critics the country wide as a distinct event in the drama and marking an epoch in the art of the theater. The metropolitan newspapers devoted a liberal mile of space to describing this delightful work of the great English word-master, Walter Dore, and it drew millions to see it presented upon the stage. With all the enhanced opportunities for scenic display and dramatic action afforded by the photo-dramatic version it is safe to say that "The Little Gypsy" is one of the greatest and most universally appealing of any of the screen plays so far presented by William Fox and this is high praise indeed.

"September Morn."

"September Morn" has been dramatized, tunned and musicalized by Arthur Gillespie and Aubrey Stauffer, two clever chaps who can blend pleasing lyrics and compose catchy music in this new fun show. They have succeeded beyond all anticipation and the producers—Rowland & Clifford—have selected a great company to enact the various roles and sing the jingle tunes. Leo Greenwood, the well-known comedian, has the big part and Maude Potter, called "The American Gaby Deslys," has a dashing role with unique dances. Maude K. Williams is also seen in a part that was written for her. The chorus is large and pretty. Among the song hits are: "When a Little Boy Loves a Little Girl," "In Berlin," "Oh, You September Morn," "Everybody's Tango Crazy," "A Spare-rib from the Butcher Shop of Life," "Where is the Pleasure in Wine and Song if the Woman is Not There," "I've a Girl in Every Town," "Beautiful Dreams I'm Dreaming," and "The Sun-shade Girl," etc.

"September Morn" comes to the Auditorium matinee and night, Nov. 25, following a big hit run at the La-Salle opera house, Chicago.

At Alhambra, Friday and Saturday. "Madame Butterfly" picture completed and will be shown at Alhambra, Friday and Saturday.

"Madame Butterfly," John Luther Long's universally beloved work, is at last to be given to the Paramount Picture Theatre public with the incomparable Mary Pickford in the celebrated role of Cho-Cho-San, by the Famous Players' Film company, on November 8th.

It is interesting to note that "Madame Butterfly" was written about twenty years ago and first gained the attention and admiration of the theatrical world when David Belasco produced it with Blanche Bates in the leading role—in which she scored one of the greatest successes of her career. In 1904 the great Puccini, charmed by the infinite pathos of the tale, wrote about it one of the most exquisite musical settings that has ever been heard on any operatic stage. Two years later the opera was introduced into this country by Henry W. Savage, and it has ever since been one of the most popular offerings of the musical world.

BIG EXPOSITION BEGINS TO END

(ASSOCIATED PRESS TELEGRAM)
San Francisco, Nov. 24.—The beginning of the end of the Panama-Pacific exposition has been reached. It was announced today by the action of fair officials in inviting bids on all the main exhibit palaces except the Palace of fine arts and the California building. The Arkansas building said to have cost \$25,000, has been sold for \$500.

West Virginia has announced its intention of wrecking its own building and sending the best of the salvage to state institutions. The Kansas building will be shipped to that state in sections and rebuilt at the State University.

DEMOCRATIC

NATIONAL COMMITTEE'S MAJORITY FAVORS AN EARLY CONVENTION.

It is Usual for the Dominant Party to First Hold Its Annual Nomination Convention.

(ASSOCIATED PRESS TELEGRAM)

New York, Nov. 24.—Democratic sentiment, judging from reports received by William F. McCombs, chairman of the National committee, favors an early national convention. Mr. McCombs said today that from what he had gathered from the members of his committee it was likely that the convention would be held during the first two weeks of June. "We are the dominant party now," said the chairman, "and usually the party in power holds its convention first. I believe we are all open minded as to where the convention should be held."

He pointed out that the selection of a convention city for 1916 would not have the same political significance as in 1912, when he led the party to Baltimore because it was convenient to the state from which his candidate was to come. Bids for the convention have been received from Chicago, St. Louis, Dallas and San Francisco.

LARGE AUDIENCE AT REVIVAL OF CENTRAL CHURCH

Another large and appreciative audience greeted the Roy L. Brown evangelistic company at the Central Church of Christ last night. Persons are already coming from all parts of the city to hear the sermons and songs. The song service each night is a feature that the people will not want to miss, and from the complimentary things heard on every hand the people are enjoying the preaching by Evangelist Brown mightily well. He has a peculiar style of delivery. He is always on the move, and keeps his audience right with him all the time. Last night he gave a descriptive sermon, and there was a touch of the dramatic at various times. As some have said, it makes one to really see the sermons in action. Every message is delivered with enthusiasm and power. There is not an idle moment. There is something doing, and the services are not long. The sermon last night will not be forgotten. Already there are those who are under conviction, and a great meeting is looked for.

Tonight the evangelist has promised a good sermon on "Will a Man Rob God?" It promises to be one of the best yet.

Thursday night's special promises to draw a big audience. The subject is one of local importance. "Some Things Newark Does Not Need." The evangelist has sent out a special invitation for persons to bring all the hypocrites, liars, gossipers, gamblers, booze-lighters, and all such types with them that night. He promises to preach a sermon that will go straight to the spot. He says that it will not do any good to dodge that night, for he expects to hit in every direction. A general invitation is extended to all classes to be present.

Friday night will be children's night, and the grown folks will hear a special drill by the children. All children in the city between the ages of 7 and 15 are invited.

The song service under the direction of William Leigh begins at 7:30 o'clock each evening. You will enjoy the solos by Mr. Leigh. The cornetist, R. Leighton Brown, is unique. You will have to hear him to appreciate his work.

AIDS TO DIGESTION

Whatever improves bodily conditions in general aids digestion.

Cheerfulness, exercise, fresh air, baths and good habits make your digestion better able to take care of any burdens you impose upon it. But the greatest aid to good digestion is good blood. Anemia, or thin blood, is a common cause of indigestion. Normal action of the stomach is impossible without healthy, well-oxygenated blood.

Dyspepsia which does not yield to ordinary treatment may be quickly corrected when the blood is enriched. Many people have secured relief from chronic forms of indigestion by the use of Dr. Williams' Pink Pills which make the blood rich and red, capable of carrying an increased amount of oxygen, the great supporter of human life.

Have you ever seriously considered giving Dr. Williams' Pink Pills a trial to tone up your digestion, increase your vitality and make life better worth living? If your blood is thin and your digestion weak you certainly need them. Send for a diet book. It is free and will help you decide.

Your own druggist sells Dr. Williams' Pink Pills or they will be mailed postpaid on receipt of price, 50 cents per box, six boxes \$2.50, by the Dr. Williams Medicine Co., Schenectady, N. Y.

OUCH! LUMBAGO! RUB PAINS FROM SORE, LAME BACK

Rub Backache away with small trial bottle of old, penetrating "St. Jacob's Oil."

Back hurt you? Can't straighten up without feeling sudden pains, sharp aches and twinges? Now listen! That's lumbago, sciatica or maybe from a strain, and you'll get relief the moment you rub your back with soothing, penetrating "St. Jacob's Oil." Nothing else takes out soreness, lameness and stiffness so quickly. You simply rub it on your back and out comes the pain. It is harmless and doesn't burn the skin. Limber up! Don't suffer! Get a small trial bottle of old, honest "St. Jacob's Oil" from any drug store, and after using it just once, you'll forget that you ever had backache, lumbago or sciatica, because your back will never hurt or cause any more misery. It never disappoints and has been recommended for 60 years.

EASY TO DARKEN YOUR GRAY HAIR

Try This! Mix Sage Tea and Sulphur and Brush It Through Your Hair, Taking One Strand at a Time.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. For 50 cents you can buy at any drug store the ready-to-use tonic called "Wyeth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant. You will also discover dandruff is gone and hair has stopped falling.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur and look years younger.

There seems to be quite a difference between having a word with a friend and having words with him.

TURKEYS BRING GOOD PRICE ON LOCAL MARKET

Turkeys brought thirty cents dressed and twenty-three on foot in the local markets today. There was not exactly a scarcity of the toothsome bird but the demand for them over the country kept the price up. Chickens brought seventeen and eighteen cents a pound. The two public markets were well patronized and will keep open this evening. The stalls were overflowing with every product of the farm and garden and hundreds of turkeys, chickens, ducks and geese were disposed of. There were also plenty of rabbits and but little demand for them.

Mrs. Upton Appeals to Ohio Congressmen

Congressmen Sherwood, Crosser, Fess, Matthews, Cooper and Emerson have all promised to vote for the Susan B. Anthony amendment in Congress this winter. Six other congressmen are known to favor votes for women and the remaining eleven are non-committal. It is significant that not one declares himself as really opposed though some are frankly opposed to federal action. Mrs. Harriet Taylor Upton, President of the Ohio Woman Suffrage Association is sending a letter to each of the 22 Congressmen to reach them on Thanksgiving Day in which she asks them to vote for the federal amendment. Such an amendment, if submitted, would have to be ratified by the legislatures of 36 States, before nation-wide suffrage for women would result.

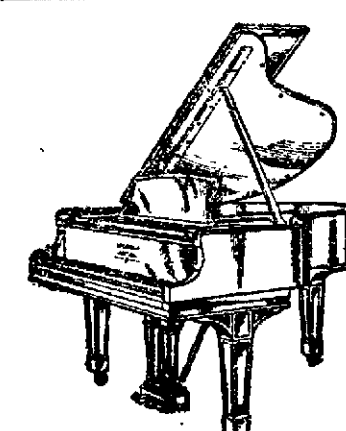

Senator Harding says he will vote for the amendment when it is politically expedient, and Senator Pomerene is unalterably opposed to federal action though strongly for suffrage in the state.

NEWARK GRANGE MEETING. Newark Grange, 1004, will meet Thanksgiving night, for the purpose of conferring the first and second degrees. All candidates are especially urged to be present. Other matters of importance will come before this meeting.
